

DIVERSITY AND ETHICS IN CHEMISTRY
TODAY'S PERSPECTIVE

77TH CHEMICAL CONFERENCE & EXHIBITION

WYNDHAM HOTEL, RIO MAR, PR - AUGUST 1 - 3, 2018

Preliminary Agenda

- Data Integrity Food and Beverage - FDA
- FDA Conference
- Agriculture Impact
- Trade and transportation of food in PR and Latin America
- Development of Nanoparticles with Antimicrobial Effects
- Water project with the communities
- Experiences in Laboratories
- Workshop - Cannabis air and oxygen generators
- Art in different facets of Chemistry
- Diversity in relation to marijuana, medicinal cannabis and industrial hemp
- From Natural Products to Drugs: Part IV Opioids
- Bioethics
- Generators (environmental impact) burning of gasoline and diesel, safety, handling, storage, transportation of fuel, disposal or recycling.
- Introduction to corrosion: types, factors, control and protection of materials
- Medicinal Cannabis Certification
- Ethics of the applied profession
- Plenary or special talk - Physiology, anatomy of the liver (free examination)
- Evaluation, profile, impact on air quality (JCA)
- Renewable energy
- Environmental Aspects
- Diversity in terms of gender in professional women - Plenary
- Bones, teeth and Chemistry: Towards the reconstruction of our past
- Medical Devices
- Emerging companies
- Entrepreneurship and innovation workshop
- ISO Training
- Biotechnology within the laboratory

INTERNATIONAL UNION OF
PURE AND APPLIED CHEMISTRY
